

**MINNESOTA STATE UNIVERSITY ASSOCIATION
OF ADMINISTRATIVE AND SERVICE FACULTY MEET and CONFER**

**Thursday, April 4, 2019
1:15-2:45 P.M.
CSU 203**

Present: President Davenport, Jamie Van Boxel, Marilyn Wells, Sara Granberg-Rademacker, David Jones, Steve Barrett, Rick Straka, Henry Morris, Mark Johnson, David Cowan, Rachel Tanquist, Carolyn Nelson, Mel Iverson, Lynn Akey, Tracy Stokes-Hernandez, Debra Schulz

Meeting Chair –Jamie Van Boxel, MSUAASF President

I. Information Items

A. Review of Notes

- No changes noted. If changes are needed they can be recommended to the MSUAASF President.

B. MSU President's Report (R. Davenport)

- Governor Walz's speech was persuasive but the legislative outcomes will determine its effectiveness.
- Both parties applauded getting things done this session.
- The proposed gas tax is one way to solve our road, highway, and transportation issues. Governor Walz proposed 20 cents per gallon. This will be a negotiating point to bring to the table. The gas tax is a hard one to get support for.
- R. Davenport hopes this results in more funding for higher ed. It is not likely that we will be able to raise tuition and we will likely need to cut 4-6 million from our budget. How we go about this will differ depending on our deficit. When the time comes input will be needed from faculty, staff, and bargaining units. R. Davenport is hopeful but realistic.
- Board of Trustees member Louise Sundin will be at Mankato for commencement. She has only been at MNSU commencement once in 20 years. She is a huge supporter of labor unions and two year colleges.

C. MSUAASF President's Report (J. Van Boxel)

- Our members participated in Lobby Day yesterday and brought our legislative priorities to our representatives.
- 9 members represented from Mankato, and 30 members total came across all campuses. We have labor friendly representatives from Mankato, but other members do not have labor friendly representatives.
- Our members met with the Lieutenant Governor, who stated that Teamsters engagement with the governor's office was a factor in revising the budget the second time in favor of MinnState. This highlights that the bargaining unit has a lot of the same priorities as management
- MSUAASF President Tracy Rahim shared ASF's legislative priorities with the Chair of the Higher Education committee.
- C. Nelson stated that it was a well put together event. While we may not have been able to change some legislator's minds, it makes a difference to meet them face to face to humanize the issues.
- S. Granberg-Rademacker shared with her representatives why is NextGen important and how it impacts our work and our students.
- R. Davenport stated that he found it effective to turn the tables on representatives who are against funding higher education to ask them what their solution would be to the dilemma because it puts the onus on them.
- Our university is important to the overall economy, and we are one of the few universities in the state.
- MSUAASF negotiations team is at work to prepare for the new contract year starting July 1st.

- MSUAASF will vote on a new President Elect and Treasurer in April.

D. Vice President Student Affairs & Enrollment Management Report (D. Jones)

- M. Altomari helped rebound spring term enrollment. We are down .3% compared to a year ago, which equates to 38 students.
- FYE are down 1%. The rest of the system has lost more FYEs than us, most are 2% down or more.
- We are 7% down on applications for fall, which equates to over 1000 applications.
- Graduate is up 9%.
- Intent to enroll is up 1.1% compared to last year.
- Transfer is down 6.3% (equals 30 students).
- There is a new social media initiative called Maverick Moments. When students land their jobs or declare their majors they can go to the Career Development Center to receive a t-shirt, share their story, and get a photo taken with Stomper. Please send students to the Career Development Center to participate.
- M. Iverson asked what our orientation numbers are. D. Jones stated they are running slightly down as of two weeks ago.
- Every first year class has a different personality. This year seems to be a bunch of early deciders.

II. Discussion Items

A. Budget (R. Straka)

- FY19
 - We have a 4 million dollar structural problem. There have been planning retreats to discuss this. R. Straka has been tasked with planning for a 6 million dollar deficit. The plan is not complete yet, but there will be public forums to update the campus on April 17th and April 18th in CSU 245, time TBD. They will offer Adobe connect so that individuals not located on campus can attend virtually and ask questions via the chat feature.
 - S. Granberg-Rademacker asked what information will be shared. R. Straka stated that similar budget information will be shared as our last meeting with some information on FY20.
 - The strategies used to balance our budget will be similar to last year.
- FY20
 - There is a wide difference between the Senate and the House proposals. We asked for 246 million. The governor's proposal is at 164 million, but the proposal is silent on tuition increases. The Senate offered 65.7 million to all higher education and the house proposed 149 million dollars to MinnState. However, the house bill currently has many restricted items including language regarding a tuition freeze. These restricted items may move to unrestricted in conference committees. The Senate bill has language to protect students and families by making college affordable, which is also language that speaks to a tuition freeze.
 - The House is currently proposing 10 million for the first year and 8 million for the second year for Next Gen.
 - The house bill is closer to funding an increase in inflation.
 - R. Davenport states that the GOP is not united on a tuition freeze and that a stalemate is not an option. Governor Walz is a huge supporter of education. There is a change we could get a 1-2% tuition increase. Our 2 year colleges are at the 99th percentile across the country so as a part of MinnState we have to backfill dollars for them.
 - MinnState Colleges always give a 3% funding increase to two year colleges, which has a long term impact shifting appropriations from four year colleges.
 - A 1% tuition increase equals approx. 140 FYE or 1 million dollars.
 - We pay approx. 120 million in compensation. A 1% change in compensation is 1.2 million.
 - An appropriation increase of 1% is 1 million.
 - There is a big difference between our best case and worst case budget scenario. We won't know until the end of May.

- The crux of whole session is the ability for Board of Trustees to set tuition or if the Legislature will freeze tuition.
- Our state's 2022-2023 biennium shows a significant state budget deficit.
- At MNSU, we can look at reassigned time, the value of adjunct/fixed term employees, and sabbaticals.
- Under Academic Affairs we can look at under enrolled sections or classes with multiple under enrolled sections in a course.
- We are trying to have as little impact on the students as we can
- Between our enrollment loss and reduced appropriations we are not keeping up with inflation. This is a national issue in higher education.
- Winona recently went through a 10 million dollar reduction and they are 2/3 our size.
- V. Hansen will send out an all campus invitation by early next week with the budget forum details.
- C. Nelson has heard from other campuses that they lack long term planning and not being interested in declaring reductions. C. Nelson states that this disproportionately affects ASF members since we have a shorter notification period than faculty. This also affects students since we are student facing. If we don't plan for the long term, the individuals most impacted in terms of faculty are our members.
- R. Davenport states that a lot of our academic programs do not have high enrollment. We need to redirect funds to programs in higher demand. He hopes to lessen impact on any union. We need to meet both the student and the labor market needs.
- Regarding longer lead times it takes a while to realize long term decisions
- S. Granberg-Rademacker added that our members are here during the summer. For feedback we are flexible with the time, and whether it's formal or informal. J. Van Boxel states that we'll have a clearer answer on feedback after we get our heads around it.
- Potential BESI
 - Plans approved and signed valid through June 30th. Timing will be similar to that in the past. A two part process to determine what will be given if a position is not replaced. They will also look at possible cost savings when a position is replaced (ex. full professor vs. assistant professor).
 - ASF incoming salaries depend on work experience of someone coming in since they could earn just as much if not more as the incumbent.
 - We will see where else we can get savings Academic Affairs is looking at the Strategic Budget Planning Process to see what savings we can come up with.
 - We are looking at incentives first.
 - There is money to bridge in the reserve, we've been very frugal. We will know more of what is going on end of May to June. There will be a July summer update on what happened at the legislature, open forum.

B. Legislative Update (R. Davenport)

- We likely won't hear more about the bonding project until towards the end of the session since bonding is not in this appropriation year. Next year we will discuss Armstrong Hall.
- The Board of Trustees has not weighed in. The Board of Trustees has to approve the capital list.
- D. Schulz asked when the NextGen funding plan will finalize. R. Straka answered that we know the gross magnitude, but we don't yet have a long term funding plan in ISRS. There are political reasons why there isn't a published plan because it could influence or set in stone how much funding we can get from the legislature. We're trying to figure out what it will cost and what our share will be. Our share will be significant if we don't get funding. The legislature is not excited about NextGen. MNSU alone will need 6-7 digits of funding per year.

C. HR Topics (S. Barrett)

- Human Resource Vacancies

- Handout attached.
 - Volume is the same as last year. Vacancy rate at 4%.
- Human Resources Investigation Process
 - Handout attached.
 - Dashboard similar to last month. Volume is down compared to last year, but we anticipate a few more cases coming this spring.
 - Working to get timeline below 30 days.
- TSM Updates
 - Transaction Service Model.
 - R. Davenport and S. Barrett receive a dashboard from the system office every two weeks. MinnState universities are starting to share dashboards with each other. We are doing well compared to other schools. We turn over fewer transactions, we have a high degree of accuracy, and fewer pay issues to clean up. We delegate fewer transactions to HR percentagewise compared other MinnState schools.
 - S. Barrett says HR is gearing up for the fall to make sure our fall assignments are entered correctly.
 - J. Van Boxel stated that we had a member mention that there was an issue uploading documents in the online system to apply for an MMA position. S. Barrett had not heard of a problem with the system, but he will look into it and see what's going on.
- Workplace Environment Training
 - As part of our workplace environment policy, we need to make a training available. S. Barrett will send an email announcement Monday for a training on Wednesday April 24th at Ostrander Auditorium. The training will cover what is expected of you as an employee and what employees should expect of each other.
 - There will also be a D2L course for employees. There will be a refresher training every three years for all employees.
 - There will also be a training for supervisors and the cabinet about what we expect of our supervisors.

D. Tuition & Fee Study Group (D. Jones)

- MSUAASF did not submit graduate tuition feedback. D. Jones only received feedback from one academic department chair and one faculty member.
- Handout attached details undergraduate tuition recommendations.
- There are four recommendations total, but only one is actionable at this point
- The first is to create an international tuition rate for international students. This would be identical to the nonresident tuition rate but it would increase transparency and reduce confusion.
- The second discusses the tuition differential and cultural contribution scholarship. The 10% differential has been extremely helpful as we've grown enrollment since it has gone to the recruiting and support of students. The tuition recommendation suggests increasing it to 20% with the additional going towards the general fund.
- The cultural contribution scholarship currently requires 25 volunteer hours, but with 1300 students we are running out of volunteer opportunities and it is becoming a checkbox. Dean Dahlman is discussing reducing this requirement.
- The third discusses adding a price difference for classes with higher program costs or classes with a greater demand for smaller seats. We currently do this at the graduate level but not with undergraduate classes. The examples of the handout are just an illustration, they're not earmarked for a cost increase.
- Regarding student success, students taking 12 credits per term for 4 years doesn't equal the amount of credits needed for a bachelors degree. We need to look at how to guide students towards better decisions. One idea is to change banded tuition to 15 to 18 credits instead of 12 to 18.
- ISRS is currently not built to support this. We won't be able to move on this until NextGen is in place.

- M. Iverson stated that we will need to operationally look at if differential tuition would take place once students declare a major or are admitted to a major.
- M. Wells stated that regarding declaration vs. admissions James Madison University is a model to look at. Differentials are typically based on cost and capacity.
- The feedback date is listed on the handout.

E. Diversity and Inclusion Plan (H. Morris)

- H. Morris will send the 2019-2022 Diversity and Inclusion Plan to leadership across campus to spread to the rest of the campus community. This plan is proactive on closing the opportunity gap. If we retained 44 more students we would eliminate the gap which is a manageable number.
- The Strive for 5 and Diversity and Inclusion Plan look at how to keep students here and progressing towards their degrees.
- We hope our entire university increases retention which means we need to increase retention from our lowest numbers at twice the speed. We can increase overall retention, but still have a big achievement gap.
- This plan also looks at quality of life for diverse faculty, staff, and employees on both the campus and within the Greater Mankato community.
- Regarding community climate, 60 students of color and police leadership in Mankato and North Mankato met. It was an extremely positive interaction to move forward on improving the environment.
- This plan also addresses high fail rate classes.
- J. Van Boxel is concerned about members and workplace environment. He asked if H. Morris had any golden nuggets to share on improving this. H. Morris states that in a lot of ways student and employee concerns are no different. Employees are concerned about their ability to move up in the organization. Members also may feel poorly when they're the only minority in the department. This seems to be less of an issue with ASF than other bargaining units on how they're treated in the group. J. Van Boxel states that there is work to do. J. Van Boxel referenced a recent incident where some of our students had the n word yelled at them from car on a city road near campus. H. Morris said this example highlights that students don't live in a bubble on campus.
- The Strive for Five plan adds accountability. H. Morris will send the plan out every semester as we go forward. We need to address how we are doing and how we can help each other.
- R. Davenport attended a global engagement event where he heard from a graduate student from South Africa. The student stated that international students are told to connect with Minnesota students, but Minnesota students are not told to connect with them. We need to more explicitly share with our domestic students the value of connecting with our international students. Interacting with international students can help domestic students in their careers, since employers are looking at how they can interact with individuals different from them in our global economy.
- M. Wells discussed scaling up the first year experience expansion for next semester.
- D. Schulz asked if first year experience classes still require student to attend a certain amount of cultural events. M. Wells answered that it is still included. T. Hernandez-Stokes added that first year seminars are partnering with the College of Education to pair FYE with diversity centered courses so students can experience more diversity and inclusion.

F. NextGen Update (M. Johnson)

- Focus is on change management. Dr. Kearns was hired as the Director of Change Management. Dr. Kearns used to be the Chancellor's speech writer. Dr. Kearns will work with us to get the communications out that we need. Molly Miller was hired as the Communication and Events Coordinator.
- We are currently in the awareness state. Once the product is selected the team will look at how to motivate people to engage with the change. Then the team will need to plan and implement the change.

- RFP published end of June.
- Vendor selection will be completed by March 2020. We'll know what product can do at that time.
- Finance implementation by July 2022 and student implementation by Spring 2024.
- More information will be posted as we learn more.

G. Parking & Transportation (D. Cowan)

- Handout attached.
- A. Paladini is a good advocate for MSUAAASF. She carried the flag on the platinum parking rate and won the battle with the committee to remove the extra \$20 charge for residence hall staff to park in the Platinum Lot.
- There was a 3% across the board increase for parking permits except for the Platinum Lot. The Platinum Lot is only 19 stalls and this decision is addressed in a narrative in the handout.
- Fixing Lot 1 will cost 1 million dollars. Pothole season is upon us and Lot 1 is overdue.
- Students have come through with extra money for the bus service.
- The city indicated that we are eligible for some grant money for our busing service, but the person who promised the grant has now retired so it is slow to arrive. We will see what the invoice shows once it arrives to determine the grant total.
- The bus gives 500,000 rides, very stable over the years. The bus is funded by \$350,000 out of the Student Activity Fee which breaks down to \$1.10 per credit hour. This is a great program.
- J. Van Boxel thanks the Parking and Transportation committee for taking A. Paladini's perspective into account to give our on campus members the ability to respond in a timely manner to student issues.

H. Common Bell and Coordinated Scheduling (L. Akey)

- Proposal for campus feedback and consultation. Two campus open forums were held to provide information and take feedback. You can provide feedback online as well. It will be available through April 19th.
- The workgroup will reconvene after the feedback window closes to review the feedback received and to rework the proposal.
- S. Granberg-Rademacker stated that this change is exciting and long overdue. The model makes sense. This will benefit our members during summer orientation since registration days will be shorter since it will be easier to put a schedule together. We haven't heard any negative feedback from our members.
- R. Straka stated they've heard some feedback that there are some issues with not having standard 3 or 4 credit classes which may preference blocking several 3 credit classes together. Another piece of feedback is that it's hard to schedule vertical and horizontal classes together. Doctoral and graduate courses are also a concern since they're hard to fit in with other classes that need the space. S. Granberg-Rademacker hopes graduate programs can move more towards evening and weekend hours to increase accessibility. Since some programs have moved towards daytime hours it makes scheduling more creative.
- M. Iverson hopes this won't make classes move away from in-person to hybrid or online since students don't want to lose in-person opportunities.
- M. Wells states that she's heard feedback from students who express that they specifically signed up for programs that are face to face and get frustrated when a class is only offered online.
- M. Wells thanked everyone for their feedback.
- We are currently at the preplanning and early exploration stage.
- L. Akey thanks everyone for their feedback and asks for continued feedback. She will be back at next month's meet and confer.

I. General Fund Strategic Review Recommendation (L. Akey)

- Revision recommendations the academic and nonacademic processes.

- Campus forums and online feedback through April 19th.

FY19 Meeting Dates
May 2, 2019 *CSU203*

**Position Vacancies by Bargaining Unit/Employee Group
Meet-and Confer, Thursday, April 4, 2019**

HR-TSM

Highlighting our Progress April 2019

MSU Transaction Processing

	MSU	Service Center
FWM Fall	34.00%	66.00%
FWM Spring	0.30%	99.70%

Our Progress

MSU's Spring 2019 FWM transactions are 13% better than our south region average, and 5% better than the system average

We are partnering with the system office and our regional service center to improve on-time payment accuracy from 96% to 99.80%

Data Clean-Up

	March 8	GOAL March 30
Positions with incorrect supervisor	6.00	2.00 or less

Our Progress

HR is actively cleaning the data in our SEMA4 system to accurately reflect supervisors for all employees. The number is expected to be 0.00 by Friday, April 5

Our SEMA4 access will be read-only starting in mid-April

Supervisor Delegations to HR Staff

	MSU	System Average
Delegations to HR Staff	98.00	22.00

Our Progress

MSU has a ratio of 6 delegations per 100 employees (6:100.) With 5 universities' reporting, MSU has by far the fewest supervisor delegations to HR staff in relation to the number of employees

The next closest to MSU among the 5 universities reporting is Winona State at 9:100, with Bemidji State (11:100) delegating virtually all transactions to HR

Tuition Study Group Undergraduate Tuition Recommendations 0.9 (4/3/19)

Undergraduate Tuition Charge and Review:

At the December 10, 2018, President Davenport charged Vice President for Student Affairs & Enrollment Management and Vice President for Finance and Administration to lead a Tuition & Fees Study Group to review our approach to tuition and fees, as the Minnesota State System has revised the Tuition & Fees Policy and Procedures. The Study Group included Provost & Senior Vice President, Vice President for Student Success, Analytics & Integrated Planning, Acting Dean of Global Education, and Interim Associate Vice President for Research and Graduate Dean. Additionally Amanda Eekhoff, a Financial Analyst for Institutional Analytics & Strategic Effectiveness, provided data and analysis support.

The review of the undergraduate tuition structure at Minnesota State University, Mankato confirmed that our undergraduate tuition structures provide transparency and are organized in a manner that generally supports the University's mission. While no major changes are proposed, there are a couple of minor changes and future areas to study as recommendations.

Undergraduate Tuition Recommendations:

The Tuition Study Group recommends the following approaches to undergraduate tuition:

1. Create an undergraduate international tuition rate equal to the non-resident tuition rate. This will provide clarity in marketing for our prospective and current international students.
2. In 2019-2020, propose a change in the value of the Cultural Contribution Scholarship that would increase the differential from approximately 10% to 20%. At the same time, propose a change in the administration of this program to reduce the number of required volunteer hours.

Cost Center	2016	2017	2018	2019
210142 - NAI - Int'l Cultural Contribution Program				
Current Revenue (10% diff.)	\$33,840.31	\$282,544.04	\$485,999.32	\$598,918.10
<i>Potential Revenue (20% diff.)</i>	<i>\$67,680.62</i>	<i>\$565,088.08</i>	<i>\$971,998.64</i>	<i>\$1,197,836.20</i>

3. Consider differential tuition for select programs as defined by cost of instruction to meet the increased demand. Examples might include Aviation, Nursing, Engineering, etc.
4. Study the student success impact of our current banding of undergraduate credits. What is the impact of moving from a 12 credit tuition band to a 13, 14, or 15 credit tuition band to persistence, retention, graduation, and the University budget? Current challenges to changing the band of credits are technological limitations with ISRS and differences between federal and state financial aid programs.

For Campus Feedback and Consultation

Common Bell and Coordinated Scheduling Work Group Proposal

In Fall 2018, the University launched an “Optimizing Learning Spaces and Student Success: Common Bell and Coordinated Scheduling” initiative. The initiative is focused on ensuring that our students can register for the courses they need, when they need them, and in high-quality spaces.

To move the conversation surrounding the development of a common bell schedule, course offering practices, and room scheduling procedures forward, a work group of 31 appointed representatives was convened. Following six months of effort, a Common Bell Course Framework Proposal is available for campus feedback and consultation at <http://www.mnsu.edu/ipra/commonbell.html>. Feedback can be submitted online at <http://www.mnsu.edu/ipra/commonbell.html> through Friday, April 19, 2019.

General Fund Strategic Budget Planning Process Revision Recommendations

In Fall 2017, the University adopted and implemented a General Fund Strategic Budget Planning process. In accordance with the process adopted, following every cycle of evaluation, work groups from the membership of the Budget, Planning, and Assessment & Evaluation Sub-Meet and Confers evaluate and bring forward recommendations for continuous process improvement. Draft recommendations are now available for campus feedback and consultation at <https://www.mnsu.edu/planning/sbp.html>. Feedback can be submitted online at <https://www.mnsu.edu/planning/sbp.html> through Friday, April 19, 2019.

RE: "Post-Hearing" Recommendations from Parking & Transportation Advisory Committee

The Annual Public Hearing on Parking & Transportation Policies, Budget & Capital Improvements was held 12 Noon, Thursday, March 14th. Nineteen attended the hearing of which 11 were Advisory Committee Voting or Ex-officio Nonvoting Members, 2 were from the independent Parking Citation Appeals Board, 8 folks submitted written comments which were made part of the official record. The hearing concluded at 1:10 PM. The testimony was robust and the follow-up questions and discussions were spirited.

The following recommendations were "endorsed" by the voting members of the Parking & Transportation Advisory Committee at its March 14th meeting immediately following the hearing, and are now formally submitted for review by the Meet & Confer Committees, and the Administration.

1. Post-Hearing Recommendation – FY'20 \$1.79 M Income/\$1.65 M Spending Plans

In its "post-hearing" recommendation the Advisory Committee endorsed a \$1,797,376 overall income plan (parking permits, fine collections, Visitor Paylot receipts, etc.) and a \$1,648,593 spending plan for 2019-20. The predicted June 30, 2019, shortfall of \$168,177 will be applied against the estimated \$148,783 surplus earned in the 12 months of FY'20 leaving a balance of shortfall of \$19,395 6/30/20 - unknown is how increased federal transportation bus subsidies will reduce City bus invoices and parking's \$159,487 share of the \$530,033 busing cost (no 2018 Fall Semester bus invoice has been received). The Advisory Committee understands that the 7 year plan will be examined each year, and our effort will be to try to finance as much of the lot upgrades and repairs as possible. During summer, 2017, \$361,677 was paid out to repair and upgrade parking areas which created year-end ink carryforward into FY'19.

2020-21 is the first year of a 3-year planned repair of Lot 1 and that first bill will be \$280,000 with two more just like it for 2021-22 and 2022-23. Location of the student endorsed Seasonal Sports Dome will be on the field abutting the south curb of vacant Lot 22 (Orange lot) which will have no adverse impact on Lot 1 usage. [Lot 1 & 2 parking areas had been considered in the past as servicing Dome customers if the structure was put on the west side of the campus.] The Dome site is on the east side of the campus. No parking funds are being committed to the Sports Dome project.

March 19, 2019

(The Parking & Transportation Advisory Committee specifically endorsed the 2019-20 income and spending plans, including the 3% increase in parking permit rates, and recognizes that other years within the 7 year budget spreadsheet would be reviewed annually with budget numbers modified.)

Testimony was presented at the hearing **opposed** to a 3% permit rate increase (\$30,769), arguing that labor contracts were only bumped up 2% - though Advisory Committee members maintained that we should not tie parking and busing needs to whatever increase may be adopted for employee salaries. Wear and tear in the parking lots has no known relationship to salary increment issues and MSU parking permit rates are well within what are charged by other institutions.

On the spending side, Advisory Committee members agreed to ensure a second training review for all new student Traffic Controllers, and will consider eliminating intersection coverage of the Warren Street/Maywood Avenue crosswalk once the City's new concrete island is installed and the existing stop sign removed. Cuts in afternoon coverage will occur at the Library Intersection and well as at the Warrant Street/Maywood Intersection. These adjustments should produce savings of upwards of \$20,000 in FY'20. Traffic Control coverage for large events (commencements, high school regional playoff basketball games, East/West football), will continue with off-campus sponsors charged and billed accordingly by the Scheduling Office. It was noted that more off-campus organization events require parking and though funds are collected for use of the lots, permit enforcement is pulled back

or public relations reasons resulting in a downturn in fine collections – lifting Visitors Paylot gate arm earlier than usual on weekdays allows some “regular customers” to escape when the event participants exit in mass.

2. Post-Hearing Recommendation – FY'20 \$1,159,376 Permit Estimate - Includes \$30,769 from 3% Permit Rate Increase on top of \$1,128,607 FY'19 Estimated Permit Receipt Base

Parking Permit & Citation Areas (1)	Existing (2)	Proposed for Public Hearing held on March 14, 2019 (3)	“Post Hearing” Recommendations of Parking & Transportation Advisory Committee (PTAC) – Approved 5 to 0	
			Recommended Rate Final (4)	Advisory Committee Rationale (5)
Platinum – Lot 13 Only – Between McElroy & Carkoski	\$350	\$340	\$340	Price decrease from past year reflects Advisory Committee endorsement of MSUAASF related appeal for those employees who in residence halls 24/7 and are required by contract to quickly respond to issues with their residential community. Platinum permit allows them to be protected from Residence Hall Green Permit holders who would otherwise swarm in from 12 Noon Fridays to 6 PM Sundays when “free parking” occurs.
Gold – 963 Stalls (12 Months)	\$330	\$340	\$340	Represents a \$28.33 monthly investment for premium close-in parking. Rate needed for looming parking lot repairs. St. Cloud State has \$320-\$500; Southwest \$300-\$415, Bemidji \$323-\$550, Winona \$225, Moorhead \$275.
Universal Gold	\$330 + \$20 Proximity Charge for Eligible Employees	\$340 + \$20	\$340 + \$20 Proximity Charge for Eligible Employees	Universal Gold permits are provided free to significant donors. University employees, who can demonstrate cross-campus traffic needs during a work day, can also apply but must pay. The \$20 Proximity Charge beyond regular Gold reflects the value in this permit – the charge was first implemented in 2017-18.
Purple (Academic Yr.)	\$210	\$216	\$216	Represents a \$27.00 monthly investment for relatively close-in parking. St. Cloud rate at \$189 for “K & Q” lots, Moorhead \$250, Winona \$105. Bemidji \$388.

Orange (Academic Year)	\$148	\$152	\$152	South and 22. Bemidji at \$194, Moorhead \$150, St. Cloud \$189, Winona \$90, Southwest \$73-\$153. A special Fall Only Lot 22 Orange permit for half price did not sell well and is being cut.
Residence Hall Light Green – (Academic Yr.)	\$272	\$280	\$280	Represents a \$35 monthly investment for premium close-in 24 hr. parking renter's residence hall. St. Cloud \$285 to \$500 (ramp), Southwest \$249, Bemidji \$130 to \$300, Winona \$155.
Res. Hall Discount Dark Green (Academic Yr.)	\$210	\$216	\$216	Represents a \$27.00 monthly investment to park over at the Green permit parking areas in Lots 1 & 2. Discount Green is but a short ride using the buses and/or shuttles, or a twelve minute walk from Crawford, McElroy, or Sears.
Blue Handicap Parking Permit (12 Month)	\$148	\$152	\$152	Represents a \$12.66 monthly investment for premium close-in parking for 12 month permit. Rate tied to nine-month Orange permit charge in the past. \$105 Winona.
Silver Motorcycle/ Scooter Permit (Academic Year)	\$62 or \$31 with the purchase of regular vehicle permit	\$64 or \$32 with the purchase of regular vehicle permit	\$64 or \$32 with the purchase of regular vehicle permit	Represents a \$8.00 monthly outlay for zoned 2- wheeled vehicle parking in Lot 7 (by Tennis Court), Lot 11A (Student Union), Lot 16 (Performing Arts lot), and Lot 15 (front of McElroy). \$3.62 monthly investments if owner already has regular permit for a 4 wheeled vehicle. Advisory Committee believes that existing rate is low enough to support the use of such energy efficient 2-wheeled vehicles.

3. Post Hearing Recommendation – Keep Lot 23 as a Non-Permit Lot

The subject of maintaining Lot 23 as a “free lot” came up at the Annual Hearing March 14th. In a unanimous decision following the hearing, voting members of the Advisory Committee agreed that for 2019-20 the University should continue the existing status of Lot 23 as a “non-permit” lot. Along with that position, the Advisory Committee agreed to actively explore options for future years.

Student Government President MeMe Cronin make it very clear that the “subsidized lot” (a.k.a. “lot 23 free lot”) is very important in the minds of students. Most of the 7,000 parking permits are owned by

students and they would support the relatively little it takes to maintain the lot. Other students in the public hearing felt that now was not the time to pull back on the free parking alternative for students trying to cover their bills. The "subsidized or free lot" makes the campus seem more affordable and accessible for those parking in the Free Lot and jumping on the bus for a ride to the campus core. Others on the Advisory Committee discounted those arguments asking that some low permit rate be charge even if it drives students who refused to buy to park on nearby street curbs.

It was noted that nearby homeowners would probably find a lot of unwanted cars on curbs in front of their houses if Lot 23 turned into a permit lot. [Not on the Annual Hearing Docket was any reference to converting the Free Lot to a Permit Lot, hence neighboring businesses and residents would not have known that the issue was going to be brought up again in open testimony at the Annual Hearing.] Concern was expressed that property owners would be calling the police as well as the University every time their driveways were blocked or curbside parking was stuffed with ex-Free Lot users. City policing of illegal parking could be effective in the long run, however, was the counter argument.

The Advisory Committee voted 5 to 0 to keep Lot 23 open and free, with no permit required. The potential of a negative impact on the University's neighbors was of concern, and the strong position of the Student Government in opposition to a change, were contributing factors in the Advisory Committee's recommendation to maintain the status quo.

U-Zone Busing Routes Examined – Ridership Statistics Collection Need Upgrade

Matt Kasen brought to the attention of the Advisory Committee, that the nighttime Stomper Express, one of 10 bus routes within the U-Zone, had lost ridership compared to prior years. All of U-Zone routes are financed in some part by parking, residential life, and the Student Senate's Green Transportation Fee (\$1.10 per credit hour).

The 19,618 rides reported for 2017-18 for the Stomper Express were down notwithstanding its expansion last year to cover Monday, Tuesday, and Wednesday nights from its original limited coverage of Thursday, Friday and Saturday nights 6 PM to 11 PM. Stomper Express is more heavily subsidized than other routes and is projected to cost \$72,320 with parking slated for \$4,990, \$24,008 from the MSU Administration, and \$43,322 picked up by the Green Transportation Fee.

Others at the meeting opposed eliminating the nighttime Stomper Express because it was the only bus on the road until 11 PM at night touching the Union, Stadium Heights, Summit, Live Active Apts., Wal-Mart Hy-Vee, and River Hills Mall. It is true that stores like Old Navy and some in the River Hills Mall are closed to the public by that late hour, but student workers might still need to return to campus.

Advisory Committee members voted to examine all ridership statistics and work with Greater Mankato Transit to better determine what times seem to be more popular – present data collection is by day only and not by hour of the day.

Implementation of Recommendations

The Advisory Committee is prepared to meet with Bargaining Unit "Meet & Confers" to better explain its recommendations. With the Annual Spring Gold Permit Drawing just weeks away (registration 4/2 to 4/18/19; Drawing 4/23/19) it is recommended to proceed with the recommended Gold Permit rate of \$340 for next year (full payment or \$124 deposit + \$216 before August 1, 2019). Should the Administration not approve the rate increase and stay with today \$330 rate, the \$10 will be refunded.

FALL SEMESTER 2018 - 77 Days

76 Class Days + 1 Day Classes Not in Session (Wednesday, November 21, 2018).

Campus Express Nighttime

165 Hours = 15 Fridays x 11 hrs. (7 AM to 6:00 PM Fridays)
248 Hours = 62 Days x 4 hrs (6:00 PM to 10:00 PM Monday-Thursday) - Includes 11/21/18, a non-class day.

Subtotal

Route 1A North, Route 1A South, Route 1B South

2,046 Hours = 62 Days x 11 hrs. x 3 routes (7:00 AM to 6:00 PM Monday-Thursday)

Route 1B North

847.0 Hours = 77 Days x 11.0 hrs. (7:00 AM to 6:00 PM Monday - Friday)

Route 8 - Parking Program's Campus Circulator

165.0 Hours = 15 Fridays x 11.0 hrs. (7:00 AM to 6:00 PM Fridays)
682 Hours = 62 Days X 11 hrs. (7:00 AM to 6:00 PM Monday - Thursday)

Subtotal

Route 12 - James Avenue Nighttime Service - Student Union; James Ave., Stadium Heights

244.0 Hours = 62 Days x 4.0 hrs (6 PM to 10:00 PM Monday - Thursday)

Route 33 - Stomper Express - No Service 9/3/18, 11/23/18, 12/15/18-1/07/19, 1/13/19

495 Hours = 99 Days x 5 Hours (6:00 PM to 11:00 PM Monday - Saturday)

Route 9 - Stadium Heights/Monks/Nelson - 7:00 AM - 10 AM Mon-Fri - 77 days x 3 hrs = 231.0 hrs

Total Hours

2018-19 Per Hour Rate Charge

Fall Semester Grand Total of Estimated Bus Lease Charger

Less Est. State Aid funding (Applies roughly 60% of Campus Express, Route 1 North and South Only)

Less City of Mankato Funds (Applies to Stomper Nighttime Express Route 33 Only, 25% of the Bill)

Less \$1.50 Fares (Non-MayCard Holders)

Less Estimated Bus Advertising Receipts

Contract Related Buss Fare Revenue Loss Offset
